

<b>Supplementary Material: Search Terms</b>
Adaptive Design
Adaptive Dose Escalation*
Adaptive Dose Finding
Adaptive Randomization
Adaptive Treatment Selection*
Continual Re-Assessment Method (and “CRM and Reassessment”)*
Early Stopping*
Flexible Design
Group Sequential
Innovative Design
Interim Analysis
Interim Monitoring
Population Enrichment
Response Adaptive*
Sample Size Re-Assessment
Sample Size Re-Estimation
Seamless Design
Stopping Boundary*

**Footnote 1:** Spelling variations were included as appropriate.

**Footnote 2:** \* indicates new search terms in addition to the 12 search terms used in 2012 literature and registry review
