

**Yoram Z. Haftel & Stephanie C. Hofmann. Forthcoming. "Rivalry and Overlap:
Why Regional Economic Organizations Encroach on Security Organizations."
Journal of Conflict Resolution**

Variables Information Sheet

Name of variable in Stata	Name of variable in Article	Content
year	N/A	Year in which security cooperation is coded
region	N/A	Name of REO's region
nregion	N/A	Nominal value of REO's region
nbloc	N/A	Nominal value of REO
bloc	N/A	REO's acronym
desecurity2	REO SECURITY DEPTH	Ordinal DV: 0 (no), 1 (low), 2 (high) security cooperation
desecurity_01L	REO SECURITY COOPERATION	Dummy DV: 0 (no), 1 (yes) security cooperation
rso_1	RSO OVERLAP	1 if REO has an overlapping RSO, 0 otherwise
rso_hp	HIGH PERFORMING RSO OVERLAP	1 if REO has an overlapping high performing RSO, 0 otherwise
lag_reo_mjrival01	REO RIVALRY	1 if REO is rivalrous, 0 otherwise
lag_rso_mjrival01	RSO RIVALRY	1 if RSO is rivalrous, 0 otherwise
lag_gap_mjrival01	RIVALRY GAP	RSO Rivalry – REO Rivalry
lag_gap_mjrival01_nato	N/A	Same as Rivalry Gap, but NATO is coded as rivalrous
lag_civilwar	CONFLICT	Sum of all violent conflicts within member-states and between member-states of a given REO (Uppsala Conflict Data Program)

lag_concen	HEGEMONY	Value of concentration ratio of a given REO (based on members' GDP, WPT)
lag_delegation	DELEGATION	Transfer of agenda-setting or decision-making authority to the REO (based on Hooghe et al. 2017)
lag_mem	MEMBERS	Number of REO's members
lag_ipd_std	IDEAL POINT STD	Standard deviation of the REO members' ideal point distance, based on UN General Assembly (UNGA) voting patterns (Bailey et al. 2017).
southx2	SOUTH-SOUTH REO	1 for REOs that include only developing countries, 0 otherwise
