

Supplementary Table 1:*Estimated proportion of adolescents following each trajectory of conduct and emotional problems*

Trajectory groups	Estimated^a	Classified^b	Group membership^c
	%	%	N
Emotional problems			
High-persistent	31.5	33.0	43
Moderate-increasing	27.5	28.5	37
Moderate-resolving	15.0	10.0	13
Persistent-low	25.9	28.5	37
Conduct problems			
High-persistent	18.5	19.0	25
High-declining	8.0	7.0	9
Moderate	46.0	47.0	61
Persistent-low	27.5	27.0	35

^a Estimated proportion of adolescents following each trajectory based on posterior probability for membership of each group ^b Percentage of participants classified to each group ^c Group membership numbers.
