Figure S1: Map of Arabia with the sites mentioned in the text. A map with the trade routes can be found in Al-Ghabban et al. (2012).

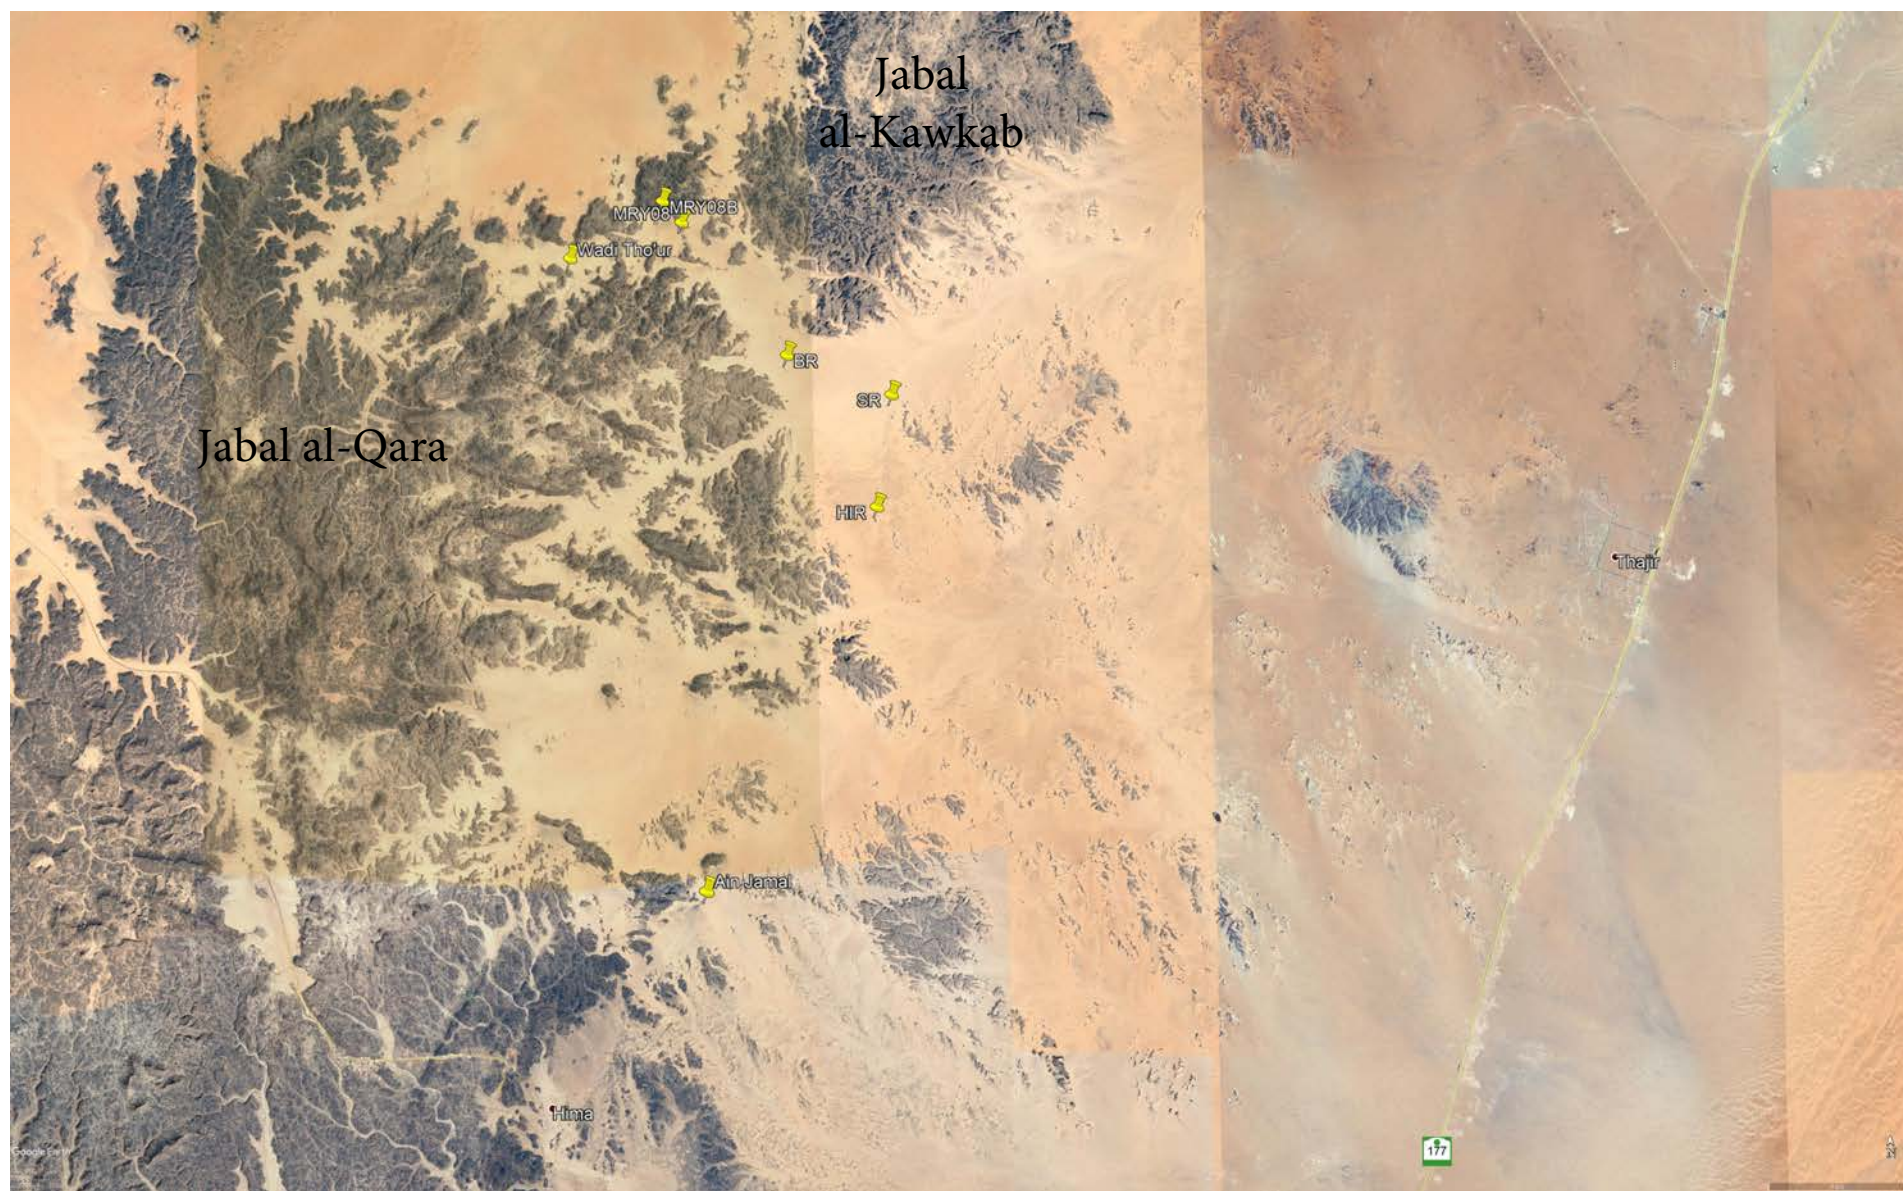

Figure S2: Detailed map of the study sites.

The following pages contain images of the petroglyphs and inscriptions on which measurements were made. A page identifying the measurement site of the subsequent images and its coordinates precedes each set of images. The numbers in the images refer to the measurement numbers in the Appendix and referred to in the text.
