

Study 1a - Pilot

Severity Ratings: Immoral Behaviors

People engage in a variety of illegal behaviors. In the next part of the study we are interested in learning about how severe you find each of the following behaviors. Please rate how severe you find each of the following behaviors using the sliding scale.

Not severe		Somewhat severe		Very severe	
1	2	3	5	6	7

Taking a person's money by threatening them with a weapon ()	
Blackmailing a person for money by threatening to post an unflattering picture of them on-line ()	
Breaking into someone's home and stealing a TV ()	
Shoplifting merchandise from a department store ()	
Pickpocketing someone's wallet while in a crowd of people ()	
Stealing an unattended laptop from a coffee shop ()	
Copying and selling DVDs ()	
Passing off someone else's written work as original without permission or acknowledgment ()	
Hacking into a neighbor's wireless router and using their Wi-Fi without their permission ()	
Illegal downloading of music over the Internet ()	
Using someone else's credit card to purchase something without their authorization ()	
Writing a check knowing it will bounce ()	
Kidnapping a person ()	
Illegally entering in an event without authorization (i.e., entering a concert without paying) ()	
Keeping a package that was mistakenly delivered to one's residence and not returning it to its rightful owner ()	
Leaving a restaurant without paying the check ()	
Eating a piece of fruit while shopping at the supermarket and not paying for it when you leave. ()	
Lying about how something broke when returning it to the store so you can get a new one ()	

Study 1a

Relationship Nomination

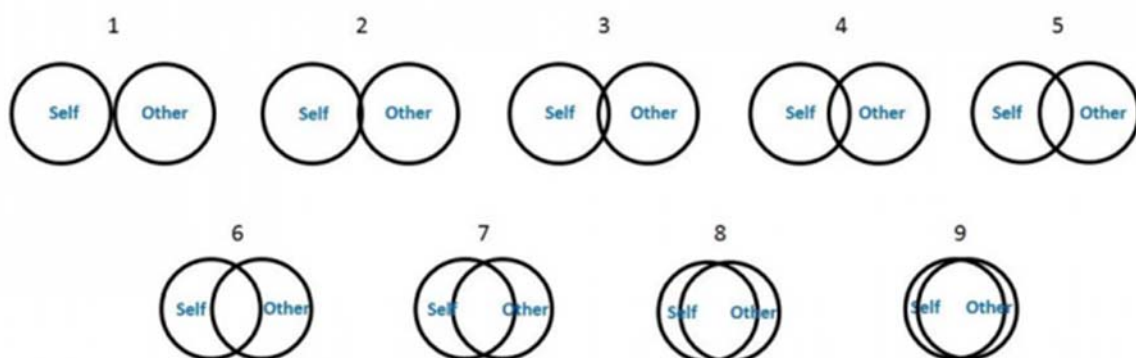

Thank you for participating in this study!

In the first part of this questionnaire, you will be asked to think about nine different people from your social network. These are actual people in your life. Your social network is the aggregate of all your interpersonal relationships.

For our purposes, the word relationship is a broad term that includes all of your mutual interpersonal interactions. This means that your social network includes all of your relationships, from the very intimate (e.g., romantic partners and best friends) to the very casual (e.g., your dentist and the people you work with that you don't know very well). The goal here is to think about the full relational spectrum of your social network.

As you think of the different people that make up your social network, you will be asked to provide their name*, gender, and a very brief description of a few of them.

The following picture is provided to help you think about how each of your relationships fit within your social network.

As you see the nine pairs of circles are ordered by the increasing degree of overlap between the two circles. One of the circles in each pair represents you (self) and the other represents the other person in the relationship (other). The overlap between the two circles represents the level of closeness between you and the other person in the relationship. The first (1) pair of circles represents minimal closeness (e.g., an acquaintance you barely know) and the ninth (9) pair

represents maximum closeness (e.g., an intimate partner you've known for several years).

As you think of each of the nine people it is important that they are at least 14 years old.

** Please only use first names. All information provided will be treated as anonymous and confidential. All information, publications, and data files associated with this project will be released in a way that no individual can be identified.*

Start of Block: High Closeness Relationships Block

HC_IOS

Using the image above, think of three people in your life in which your relationship with each person is best characterized by either the seventh (7), eighth (8) or ninth (9) set of circles (those highlighted in red, above). These are the people you are the closest to (e.g., spouse / partner, boyfriend / girlfriend, best friend, mother, child). Please list the first names of these three people (note: each person must be at least 14 years old):

HC_R1 Person one:

HC_R2 Person two:

HC_R3 Person three:

HCR1G What is **#{HC_R1/ChoiceTextEntryValue}**'s gender?

☐ Male (1)

☐ Female (2)

HCR1R Please describe **#{HC_R1/ChoiceTextEntryValue}** in terms of your relationship (e.g., spouse / partner, boyfriend / girlfriend, best friend, mother, child).

Start of Block: Moderate Closeness Relationships Block

MC_IOS

Using the image above, think of three people in your life in which your relationship with each person is best characterized by either the fourth (4), fifth (5), or sixth (6) set of circles (those highlighted in red, above). These are the people in your life that you are moderately close with (e.g., father, sibling, mentor at work or school, teammate, work or school peer). Please list the first names of these three people (note: each person must be at least 14 years old):

MC_R1 Person one:

MC_R2 Person two:

MC_R3 Person three:

MCR1G What is **`\${MC_R1/ChoiceTextEntryValue}`**'s gender?

☐ Male (1)

☐ Female (2)

MCR1R Please describe **`\${MC_R1/ChoiceTextEntryValue}`** in terms of your relationship (e.g., father, sibling, mentor at work or school, teammate, work or school peer).

Start of Block: Low Closeness Relationship Block

LC_IOS

Using the image above, think of three people in your life in which your relationship with each person is best characterized by either the first (1), second (2), or third (3) set of circles (those highlighted in red, above). These are the people in your life that you have a relationship with, but are not very close to (e.g., your supervisor at work, advisor at school, physician, dentist, neighbor, pharmacist, postal worker). Please list the first names of these three people. However, if you can't recall their name just write a very brief description (i.e., postman, dentist, coworker). Please ensure that each person must be at least 14 years old.

LC_R1 Person one:

LC_R2 Person two:

LC_R3 Person three:

LCR1G What is #{LC_R1/ChoiceTextEntryValue}'s gender?

- ☐ Male (1)
- ☐ Female (2)
-

LCR1R Please describe #{LC_R1/ChoiceTextEntryValue} in terms of your relationship (e.g., your supervisor at work, advisor at school, physician, dentist, neighbor, pharmacist, or postman).

Start of Block: Loyalty Dilemma instructions

LD_Ins In the next section you will be asked a series of hypothetical questions. Please do your best to immerse yourself into the scenario and answer as if you were really there witnessing the situation being described.

End of Block: Loyalty Dilemma instructions

Start of Block: High Closeness - Relationship 1 - Illegally Download

HCR1ID You have just witnessed #{HC_R1/ChoiceTextEntryValue} illegally download music over the internet without paying for it. A police officer approaches you and asks "do you know anything about this?" You answer:

- ☐ Yes, #{HC_R1/ChoiceTextEntryValue} did illegally download music over the internet without paying for it (1)
- ☐ No, #{HC_R1/ChoiceTextEntryValue} did not illegally download music over the internet without paying for it (2)

End of Block: High Closeness - Relationship 1- Illegally Download

Start of Block: Illegally Download Reply

Now please indicate the extent to which you agree with the following statements regarding the previous question.

	Strongly disagree (1)	Somewhat disagree (2)	Disagree a little (3)	Neither agree nor disagree (4)	Agree a little (5)	Somewhat agree (6)	Strongly agree (7)
I am satisfied with this decision (1)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
This is a good decision (2)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
This was a difficult decision to make (3)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

End of Block: Demographics

Start of Block: Manipulation Check

Sports Participation Most modern theories of decision-making recognize the fact that decisions do not take place in a vacuum. Individual preferences and knowledge, along with situational variables can greatly impact the decision process. In order to facilitate our research on decision-making, we are interested in knowing certain factors about you, the decision-maker. Specifically we are interested in whether you actually take the time to read the directions: if not, then some of our manipulations that rely on changes in the instructions will be ineffective. In order to demonstrate that you have read these instructions, please select cricket, badminton, and swimming below and no other answer choices. Thank you very much.

**Which of these activities do you engage in regularly?
(Click on all that apply)**

☐ skiing (1)

☐ soccer (2)

☐ snowboarding (3)

☐ running (4)

☐ hockey (5)

☐ football (6)

☐ cricket (7)

Study 1b

Start of Block: Relationship Instructions

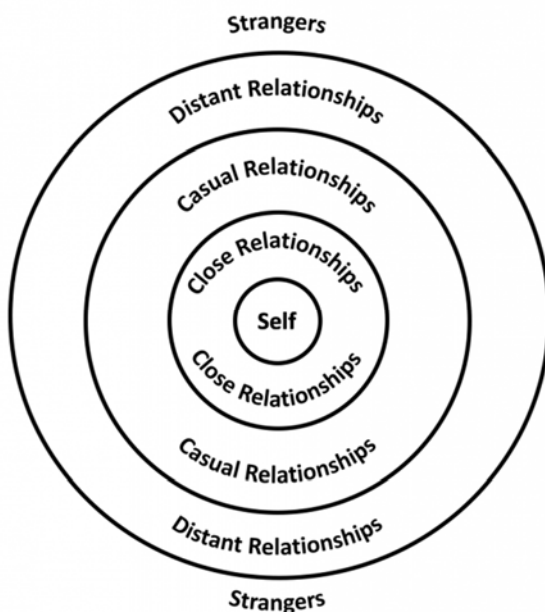

Thank you for agreeing to participate in our study!

In the first part of this questionnaire, you will be asked to think about three different people from your social network. These are actual people in your life. Your social network is the aggregate of all of your interpersonal relationships.

For our purposes, the word relationship is a broad term that includes all of your mutual interpersonal interactions. This means that your social network includes all of your relationships, from the very intimate (e.g., romantic partners and best friends) to the very casual (e.g., your dentist and neighbors). The goal here is for you to think about the full relational spectrum of your social network.

As you think of the different people that make up your social network, you will be asked to provide the name*, gender, and a very brief description of a few of them.

The following picture is provided to help you think about how each of your relationships fit within your social network.

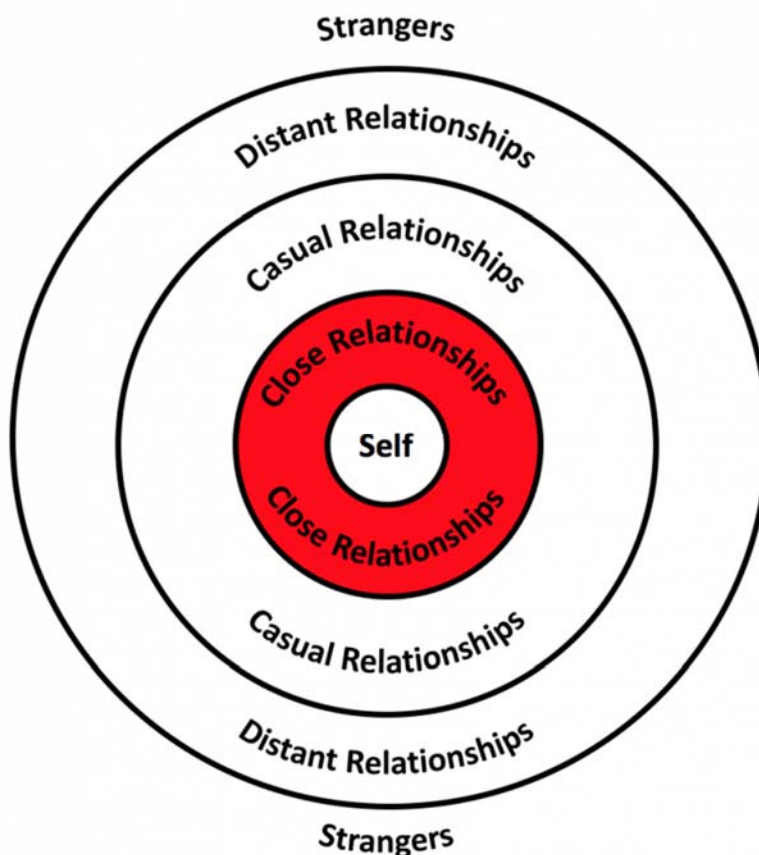

The circle at the center of this picture represents you and the three concentric circles that radiate from the center circle represents decreasing degrees of relationship closeness. If you were to organize all of your interpersonal relationships on this diagram, your closest relationships would be placed next to the center circle, your most distant relationships would be placed in the outermost circle, and the rest of your relationships would be arrayed between the innermost and outermost circles based on how close they are to you.

In a few moments, we are going to ask you to think about three people that represent one of these circles. Please make sure that the people that you think about are at least 18 years old.

* Please only use first names. All information provided will be treated as anonymous and confidential. All information, publications, and data files associated with this project will be released in a way that no individual can be identified.

End of Block: General_Relationship_Instructions

Start of Block: Close_Relationship_Instructions

Using the image above, think of three people in your life in which your relationship with each person is best characterized by the circle colored in red. These are the people in your life that you are the most intimate with and closest to interpersonally (e.g., romantic partner, best friend, mother). Please list the first names (e.g. John, Alex, Amy) of these three individuals (note: each person must be at least 18 years old):

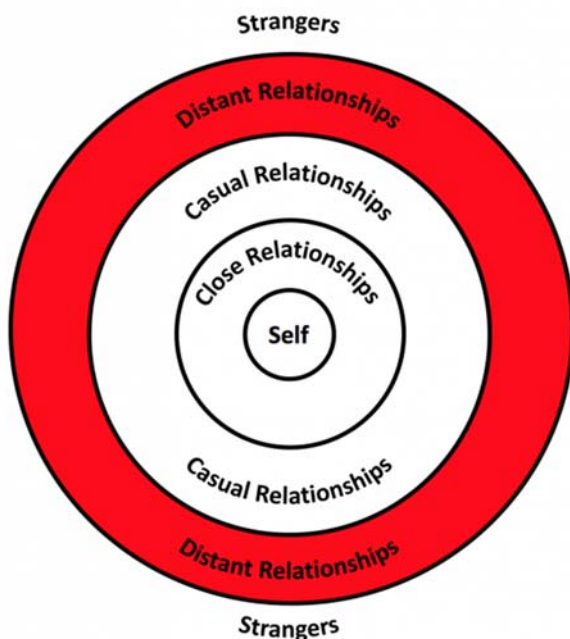

Close1_Name Name of close relationship one:

Close2_Name Name of close relationship two:

Close3_Name Name of close relationship three:

End of Block: Close_Relationship_Instructions

Start of Block: Distant_Relationship_Instructions

Using the image above, think of three people in your life in which your relationship with each person is best characterized by the circle colored in red. These are the people in your life that you have a distant relationship with. These are people with whom you interact with, or are connected to, but are not at all close with (e.g., your dentist, neighbor, postal worker, cafe barista). Please list the first names (e.g. John, Alex, Amy) of these three individuals. If you can not recall the individual's name please write how you refer to that person. For example, for your doctor please write in "the doctor" (note: each person must be at least 18 years old).

Dis1_Name Name of distant relationship one:

Dis2_Name Name of distant relationship two:

Dis3_Name Name of distant relationship three:

End of Block: Distant_Relationship_Instructions

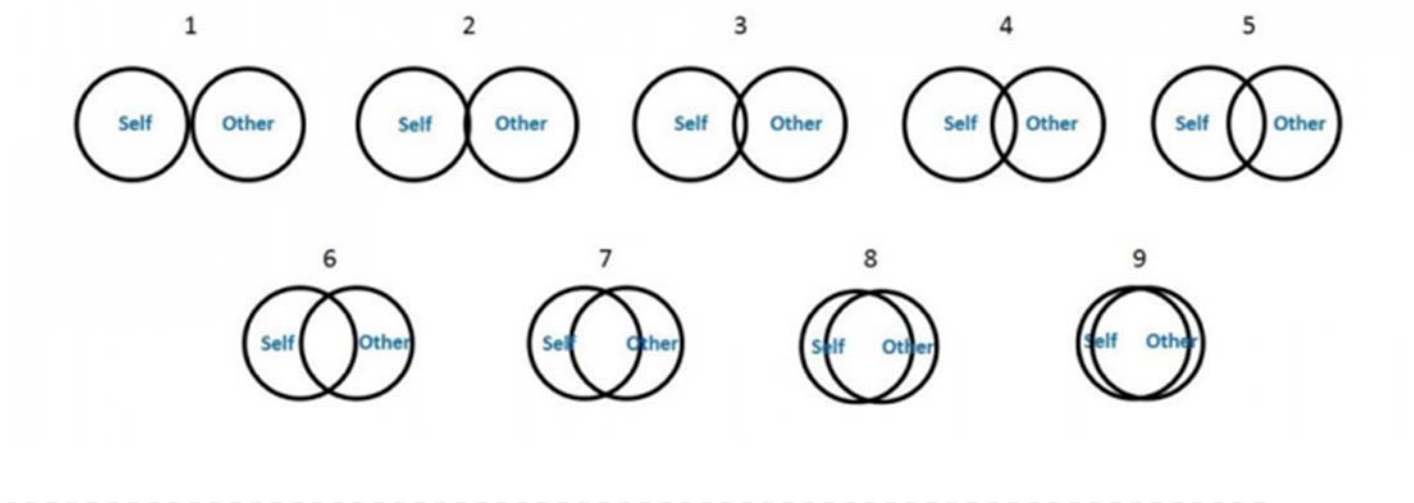

Start of Block: Close_Relationship_1

Close1_Gen What is **`\${Close1_Name/ChoiceTextEntryValue}`**'s gender?

- ☐ Male (1)
 - ☐ Female (2)
 - ☐ Other (3)
-

Close1_Des Please describe **`\${Close1_Name/ChoiceTextEntryValue}`** in terms of your relationship (e.g., romantic partner, best friend, mother).

Close1_IOS

Close1_Check The image above is another way to conceptualize your social network. As you see the nine pairs of circles are ordered by increasing degree of overlap. This overlap represents how close each relationship is in your social network. The first (1) pair of circles represents a relationship between you and another person with minimal closeness and the ninth (9) pair represents a relationship between you and another person where there is maximum closeness.

Using the nine sets of circles from the image above, please pick one (1-9) that best characterizes your relationship with **Close1_Name/ChoiceTextEntryValue**.

- ☐ 1 (minimal closeness) (1)
- ☐ (2)
- ☐ (3)
- ☐ (4)
- ☐ (5)
- ☐ (6)
- ☐ (7)
- ☐ (8)
- ☐ 9 (maximum closeness) (9)

Start of Block: Moral_Dilemma_Relationship_Transition

Relationship_Transit We're now ready to begin the next phase of the study.

During this phase, you will be presented a hypothetical scenario. Please read the scenario carefully. It is important that you do your best to immerse yourself into the situation and respond as if you were really experiencing the situation being described.

Although you may be asked to think about people that you know in ways that you are not accustomed to, the validity of our research depends on your cooperation.

Remember, there are no "right" or "wrong" answers to these questions. You will not be asked to justify your responses. Do not worry about whether the action is legal or illegal. Simply respond in whatever manner you believe to be accurate.

Thank you in advance for your undivided attention and effort.

Once you are set and ready to go, please press the "next" button to continue...

End of Block: Moral_Dilemma_Relationship_Transition

Start of Block: Moral_Dilemma_Close_Relationship_Serious

C_S_SCEN You and \${Close1_Name/ChoiceTextEntryValue} are hanging out together at a local café. While at the café you observe \${Close1_Name/ChoiceTextEntryValue} log into his or her computer and use another person's credit card to purchase a large amount of expensive merchandise without that person's authorization.

You are sure, without any doubt, that this is what happened. There is absolutely no way that this could be mistaken for anything else.

\${Close1_Name/ChoiceTextEntryValue} leaves the café before you.

As you are leaving the café, a man stops you and asks to speak with you. After you agree to speak with him, he shows you a badge and introduces himself as a law enforcement agent investigating Internet-related crime. He asks you if you have witnessed any Internet related illegal activity such as hacking, fraud (e.g., unauthorized use of another person's credit card), or intellectual property theft today.

In answering this question, you can either tell the officer that you **did** or **did not** see \${Close1_Name/ChoiceTextEntryValue} use another person's credit card to purchase a large amount of expensive merchandise without that person's authorization.

In a moment, you are going to respond to the officer.

But first, in order to better understand your thought process, we would like you to write down everything that you are thinking about as you contemplate this decision.

In the space below, please write a few (3-5) sentences that describe your stream of thoughts about this situation.

Remember to fully immerse yourself into the situation and honestly articulate exactly what you are thinking and feeling.

C_S_MD In your response to the officer, how likely are you to tell him that you did witness [\\${Close1_Name/ChoiceTextEntryValue}](#) use another person's credit card to purchase merchandise without that person's authorization?

- ☐ Very Unlikely (1)
- ☐ Unlikely (2)
- ☐ Somewhat Unlikely (3)
- ☐ Somewhat Likely (4)
- ☐ Likely (5)
- ☐ Very Likely (6)

Attention_Check If you are reading this question, please leave it blank.

- ☐ Yes, I'm paying attention and reading the questions carefully (1)
- ☐ No, I'm just skimming the questions (2)

Study 1c - Pilot

Start of Block: Introduction

Q25 Welcome to our study and thank you for participating. In this study, we are going to present you with a series of scenarios involving behaviors. We ask that you please read each scenario, and answer a set of four questions about the behavior involved.

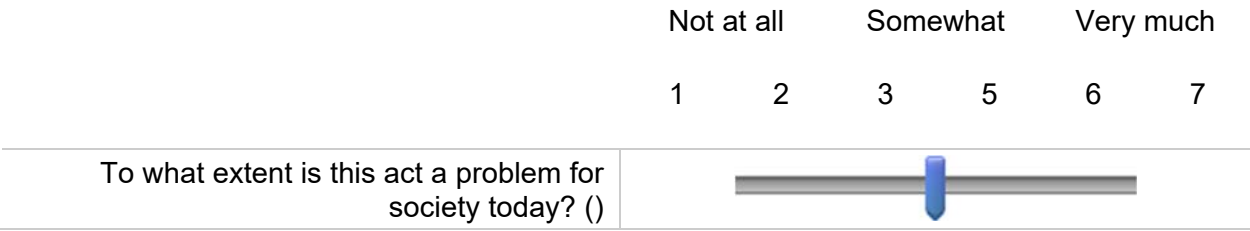

There are 24 scenarios in total.

End of Block: Introduction

Start of Block: Me Too Scenario 1

A man corners an intoxicated, scantily dressed woman in a bar restroom and forces her to have sex.

	Not at all		Somewhat		Very	
	1	2	3	5	6	7
How severe is this act? ()						
	None		Some		A lot	
	1	2	3	5	6	7
How much harm (i.e., physical or emotional suffering) would come to the victim of this act? ()						
	Not at all		Somewhat		Very	
	1	2	3	5	6	7
How relevant is this act to you personally? ()						

End of Block: Me Too Scenario 1

Study 1c

Start of Block: Intro

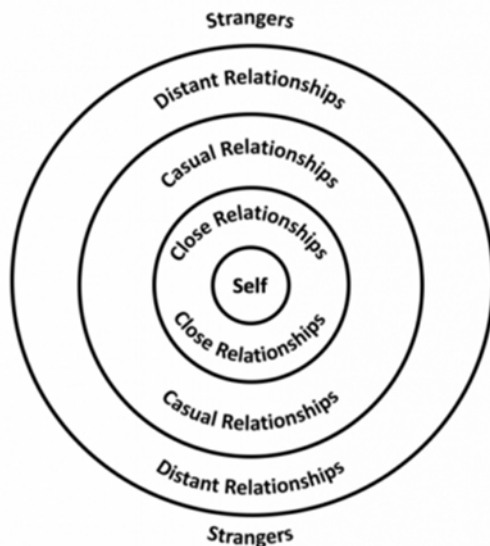

Q9 Thank you for participating in this study!

This study examines how people evaluate another person's behavior. It should take 5 to 7 minutes to complete. All answers will remain confidential. Please answer the questions to the best of your ability. There are no right or wrong answers.

End of Block: Intro

Start of Block: Relationship Prompt: Close

Q10 In the first part of this survey you will be asked to think about a person in your life who you would consider **yourself very close to**. Please think of an actual relationship that you have with another person. The goal here is for you to think about the person in your life that you would categorize as **one of your closest relationships**. *IMPORTANT: The person you are thinking about must be a man, and must be at least 18 years old.* The following picture is provided to help you think about this person and how he fits into your social network:

Q12 The circle at the center of this picture represents you and the five circles that radiate from the center circle represent relationship closeness. If you were to organize all of your interpersonal relationships on this diagram, your closest relationships would be placed next to the center circle, your most distant acquaintance would be placed outside the outermost circle, and the rest of your relationships would be arrayed between the innermost and outermost circles based on how close they are to you.

For this exercise, please think about **someone who is very close to you**. This person would be **located on the innermost circle in the picture above**.

Now that you've thought about this person, please provide their name and a brief description of your relationship with that person (**e.g., father, spouse, brother, best friend**).

REMINDER: The person you name must be a man, and must be at least 18 years old.

Q13 What is this man's **first name**?

Q16 How would you describe this relationship (**e.g., father, spouse, brother, best friend**)?

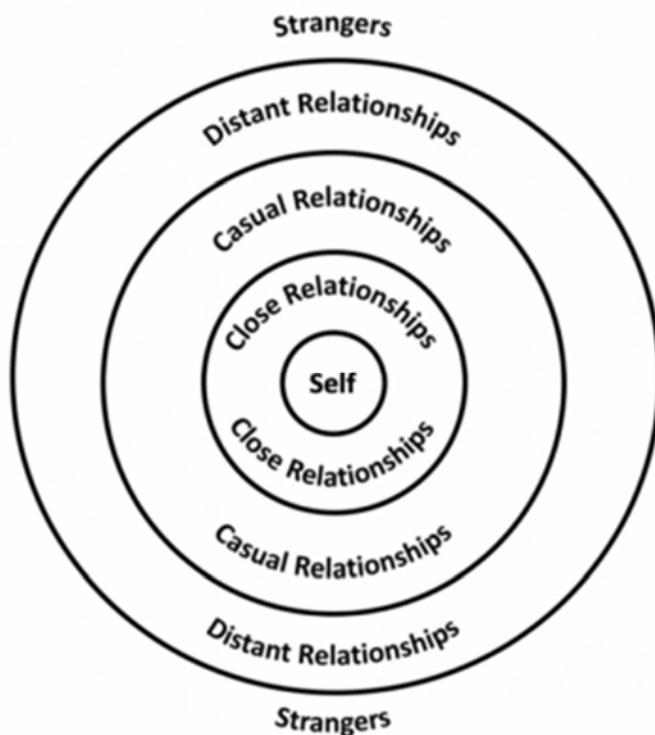

Q14 * All information provided will be treated as anonymous and confidential. All information, publications, and data files associated with this project will be released in a way that insures that no individuals can be identified.

End of Block: Relationship Prompt: Close

Start of Block: Relationship Prompt: Distant

Q251 In the first part of this survey you will be asked to think about a person in your life who you would consider **a distant acquaintance**. Please think of an actual relationship that you have with another person. The goal here is for you to think about the person in your life that you would categorize as **one of your most distant acquaintances**. *IMPORTANT: The person*

you are thinking about must be a man, and must be at least 18 years old. The following picture is provided to help you think about this person and how he fits into your social network:

Q253 The circle at the center of this picture represents you and the five circles that radiate from the center circle represent relationship closeness. If you were to organize all of your interpersonal relationships on this diagram, your closest relationships would be placed next to the center circle, your most distant acquaintance would be placed outside the outermost circle, and the rest of your relationships would be arrayed between the innermost and outermost circles based on how close they are to you.

For this exercise, please think about **someone who is a very distant acquaintance**. This person would be **located on the outermost circle in the picture above**.

Now that you've thought about this person, please provide their name and a brief description of your relationship with that person (**e.g., mailman, landlord, neighbor, dentist**).

REMINDER: The person you name must be a man, and must be at least 18 years old.

Q254 What is this man's **first name**?

Q255 How would you describe this relationship (**e.g., mailman, landlord, neighbor, dentist**)?

Q256 ** All information provided will be treated as anonymous and confidential. All information, publications, and data files associated with this project will be released in a way that insures that no individuals can be identified.*

Q59 During the next phase of the study, you will be asked to consider a scenario involving a behavior. Please read the scenario carefully. It is important that you do your best to immerse yourself in the scenario and respond as if you were really experiencing the situation being described.

Although you may be asked to think about people that you know in ways that you are not

accustomed to, the validity of our research depends on your cooperation.

Remember, there are no "right" or "wrong" answers to these questions. You will not be asked to justify your responses. Simply respond in whatever manner you believe to be accurate.

End of Block: Behavior Evaluation: Intro

Start of Block: Behavior: High Severity Theft 1

Q266 You and \${Q66/ChoiceTextEntryValue} are sitting together at a coffee shop. At one point, you see that he/she is blackmailing a person for money by threatening to post an unflattering picture of them online. You are sure, without any doubt, that this is what happened. There is absolutely no way that this act could be mistaken for anything else.

Soon thereafter, a man approaches you and asks to speak with you. After you agree to speak with him, he shows you a badge and introduces himself as a law enforcement agent. He asks you if you have witnessed any suspicious activity today. In answering this question, you can either tell the officer that you **did see** or **did not see** \${Q66/ChoiceTextEntryValue} blackmailing a person for money by threatening to post an unflattering picture of them online.

Study 1e

Start of Block: Relationship Prompt: Close

Q10 In the first part of this survey you will be asked to think about a person in your life who you would consider **yourself very close to**. Please think of an actual relationship that you have with another person. The goal here is for you to think about the person in your life that you would categorize as **one of your closest relationships**. *IMPORTANT: The person you are thinking about must at least 18 years old.* The following picture is provided to help you think about this person and how he/she fits into your social network:

Q11

Q12 The circle at the center of this picture represents you and the five circles that radiate from the center circle represent relationship closeness. If you were to organize all of your interpersonal relationships on this diagram, your closest relationships would be placed next to the center circle, your most distant acquaintance would be placed outside the outermost circle, and the rest of your relationships would be arrayed between the innermost and outermost

circles based on how close they are to you.

For this exercise, please think about **someone who is very close to you**. This person would be **located on the innermost circle in the picture above**.

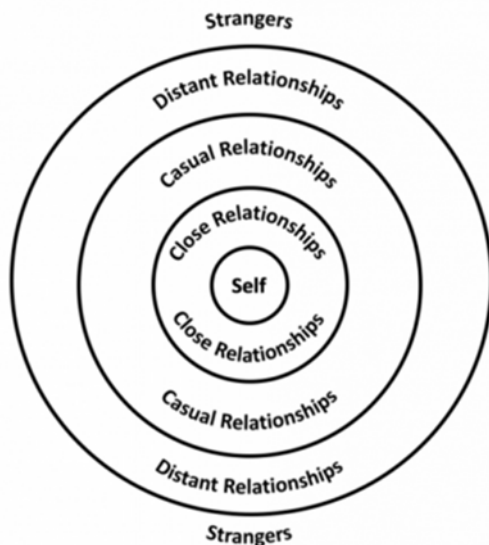

Now that you've thought about this person, on the next page please provide their name and a brief description of your relationship with that person (**e.g., father, spouse, brother, best friend**).

REMINDER: The person you name must be at least 18 years old.

End of Block: Relationship Prompt: Close

Start of Block: Relationship Prompt: Distant

Q251 In the first part of this survey you will be asked to think about a person in your life who you would consider **a distant acquaintance**. Please think of an actual relationship that you have with another person. The goal here is for you to think about the person in your life that you would categorize as **one of your most distant acquaintances**. *IMPORTANT: The person you are thinking about must be at least 18 years old.* The following picture is provided to help you think about this person and how he/she fits into your social network:

Q253 The circle at the center of this picture represents you and the five circles that radiate from the center circle represent relationship closeness. If you were to organize all of your interpersonal relationships on this diagram, your closest relationships would be placed next to

the center circle, your most distant acquaintance would be placed outside the outermost circle, and the rest of your relationships would be arrayed between the innermost and outermost circles based on how close they are to you.

For this exercise, please think about **someone who is a very distant acquaintance**. This person would be **located on the outermost circle in the picture above**.

Now that you've thought about this person, on the next page please provide their name and a brief description of your relationship with that person (**e.g., mailman, landlord, neighbor, dentist**).

REMINDER: The person you name must be at least 18 years old.

End of Block: Relationship Prompt: Distant

Start of Block: Person Nomination

Q66 What is this person's **first name**?

Q67 How would you describe this relationship?

Q68 ** All information provided will be treated as anonymous and confidential. All information, publications, and data files associated with this project will be released in a way that insures that no individuals can be identified.*

What action would you take in response to witnessing **\$(e://Field/Person)**'s actions?

Please consider actions *right in the moment* and *down the line* in your relationship with **\$(e://Field/Person)**.

Please write several sentences below describing the action you would take.

End of Block: Free Response

Study 4a

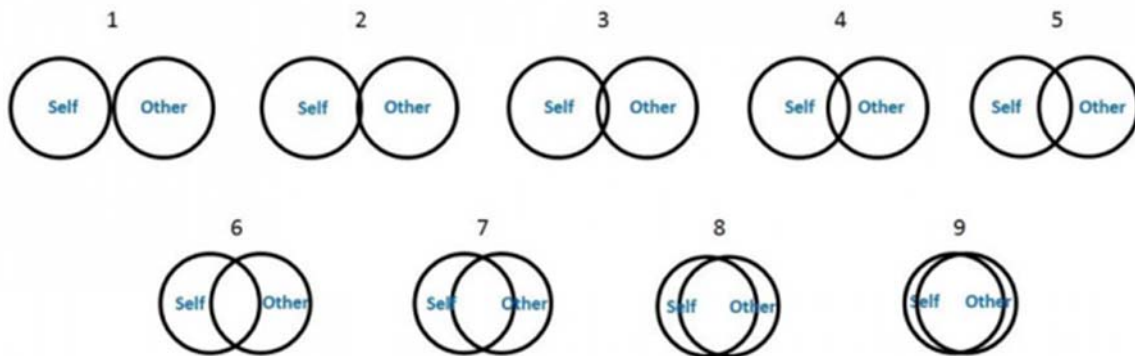

Start of Block: Section 4 (Social-Relational Network)

In the first part of this questionnaire, you will be asked to think about nine different people. These people are actual individuals from your own personal social network. Your social network is the aggregate of your interpersonal relationships.

For our purposes, the word relationship is a broad term that includes all of your mutual interpersonal interactions. This means that your social network includes all of your relationships, from the very intimate (e.g., romantic partners and best friends) to the very casual (e.g., school administrator and other students) with everything in-between (e.g., teammates and extended family members). The goal here is to have these nine people represent the full spectrum of your social-relational network.

As you think of each of these people you will be asked to provide their name*, gender, and a brief description of the relationship (e.g., mother, graduate student instructor, cafe barista).

To help you think about these nine people and where they fit in your social network, you will be presented the following picture of nine pairs of circles for each relationship:

As you see, the nine pairs of circles are ordered by increasing degree of overlap. One of the circles in each pair represents you and the other represents the other person in the relationship. The overlap between the two circles represents the level of interpersonal closeness between you and the other person in the relationship. The first (1) pair of circles represents a relationship between you and another person with minimal closeness and the ninth (9) pair represents a relationship between you and another person where there is maximum closeness.

As you think of each of the nine people, it is important that they are at least 14 years old.

** Please only use first names. All information provided will be treated as anonymous and confidential. All information, publications, and data files associated with this project will be released in a way that insures that no individual can be identified.*

End of Block: Section 4 (Social-Relational Network)

Start of Block: High Closeness Relationships Block

HIRIOS

Using the image above, think of three people in your life in which your relationship with each person is best characterized by either the seventh (7), eighth (8) or ninth (9) set of circles (those highlighted in red, above). These are the people you are the closest to (e.g., spouse / partner, boyfriend / girlfriend, best friend, mother, child). Please list the first names of these three people (note: each person must be at least 14 years old):

HI-R1 Person one:

HI-R2 Person two:

HI-R3 Person three:

HIR1G What is \${HI-R1/ChoiceTextEntryValue}'s gender?

☐ Male (1)

☐ Female (2)

HIR1R Please describe \${HI-R1/ChoiceTextEntryValue} in terms of your relationship (e.g., spouse, long-term partner, boyfriend / girlfriend, best friend, mother, child).

Start of Block: Medium Closeness Relationships Block

MIEIOS

Using the image above, think of three people in your life in which your relationship with each person is best characterized by either the fourth (4), fifth (5), or sixth (6) set of circles (those highlighted in red, above). These are the people in your life that you are moderately close with (e.g., father, sibling, mentor at work or school, teammate, work or school peer). Please list the first names of these three people (note: each person must be at least 14 years old):

MIR1 Person one:

MIR2 Person two:

MIR3 Person three:

MIR1G What is \${MIR1/ChoiceTextEntryValue}'s gender?

☐ Male (1)

☐ Female (2)

MIR1R Please describe \${MIR1/ChoiceTextEntryValue} in terms of your relationship (e.g., father, sibling, mentor at work or school, teammate, work or school peer).

Start of Block: Low Closeness Relationship Block

LIRIOS

Using the image above, think of three people in your life in which your relationship with each person is best characterized by either the first (1), second (2), or third (3) set of circles (those highlighted in red, above). These are the people in your life that you have a relationship with, but are not very close to (e.g., your supervisor at work, advisor at school, physician, dentist, neighbor, pharmacist, postal worker). Please list the first names of these three people. However, if you can't recall their name just write a very brief description (i.e., postman, dentist, coworker). Please ensure that each person must be at least 14 years old.

LIR1 Person one:

LIR2 Person two:

LIR3 Person three:

LIR1G What is \${LIR1/ChoiceTextEntryValue}'s gender?

- ☐ Male (1)
- ☐ Female (2)
-

LIR1R Please describe \${LIR1/ChoiceTextEntryValue} in terms of your relationship (e.g., supervisor at work, advisor at school, physician, dentist, neighbor, pharmacist, or postman).

Start of Block: Section 5-G1 (Relational Dilemma - Immersed Instructions)

One of the things we are interested in in this study are the different ways people think about themselves when they make decisions. Some people report thinking about themselves using **first person pronouns**, so that's what we'd like you to do. In the next part of this study you will be placed in a series of situations. In each of these situations you will be asked to make a decision. Please use **the first person pronouns, I, me, and my** as you think about and decide what to do in each situation. In other words, as you think about what is happening in each situation, ask yourself things like, "What facts am I considering as I make this decision."

Before you begin please take a moment and practice using **first person pronouns (e.g., I, me, and my)** as you make decisions. Think about a few decisions that you have to make in the near future. As you think about these decisions use **first person pronouns**. Here are few examples: "What should **I** have for dinner tonight?" "What **am I** going to do this weekend?" "**My** favorite ice cream is..."

Once you've practiced using **first person pronouns** and you feel comfortable making decisions using **first person pronouns** press the next arrow to begin.

You will now be placed in a series of situations. Please do your best to believe that you are actually witnessing what's being described.

End of Block: Section 5-G1 (Relational Dilemma - Immersed Instructions)

Sports Participation Most modern theories of decision-making recognize the fact that decisions do not take place in a vacuum. Individual preferences and knowledge, along with situational variables can greatly impact the decision process. In order to facilitate our research on decision-making, we are interested in knowing certain factors about you, the decision-maker. Specifically we are interested in whether you actually take the time to read the directions: if not, then some of our manipulations that rely on changes in the instructions will be ineffective. In order to demonstrate that you have read these instructions, please select cricket, badminton, and swimming below and no other answer choices. Thank you very much.

Which of these activities do you engage in regularly?
(Click on all that apply)

- ☐ skiing (1)
- ☐ soccer (2)
- ☐ snowboarding (3)
- ☐ running (4)
- ☐ hockey (5)
- ☐ football (6)
- ☐ cricket (7)
- ☐ tennis (8)
- ☐ basketball (9)
- ☐ cycling (10)
- ☐ swimming (11)
- ☐ badminton (12)

Study 4b

Start of Block: Name & Cover Story

Name Thank you for participating in this study!

The study that you're about to participate in examines how differences in the way people think about themselves affects how they think about others. We're especially interested in how the language people use to think about themselves influences how they think about their relationships.

Throughout this study we will be asking you to use specific types of language to refer to yourself as you make decisions. Because self-referential language is important to the study, we are going to ask you to provide us with your first name. This is not necessarily the name you were given at birth, but rather the name that you use when you refer to yourself. For example, your given name may be Robert, but when referring to yourself, you use the name "Bob."

Rest assured that even though you are providing us with your first name, any data gathered during this session will be made anonymous for data analytic purposes. By no means will individual responses be reported, nor will identities and responses be linked at any time during the data analysis or dissemination process.

Please type your first name here:

Thank you Thank you for providing your name!

Along with your name, it is also critical that you follow the instructions to the best of your ability. Although you may be asked to think about yourself and your relationships in ways that you are not accustomed to, the validity of our research depends on your cooperation. Thank you for your undivided attention and effort!

Once you are set and ready to go, please press the "next" button below to continue to the survey...

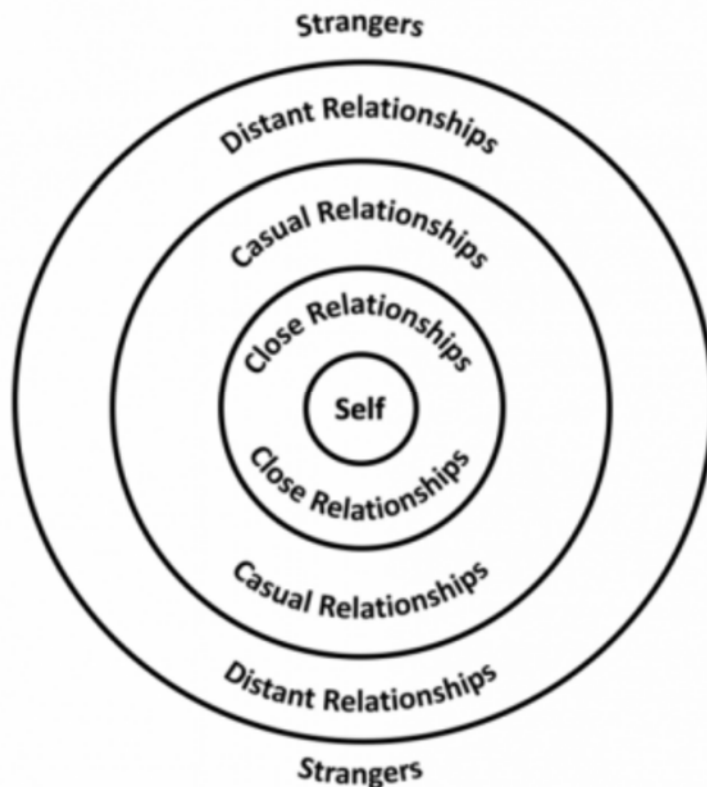

End of Block: Name & Cover Story

Start of Block: Close relationship (i.e., best friend) prompt

In the first part of this survey you will be asked to think about a person in your life that you would consider being very close too. This is an actual relationship that you have with another person.

The goal here is for you to think about the person in your life that you would categorize as your best friend.

The following picture is provided to help you think about this person and how he or she fits into your social network:

The circle at the center of this picture represents you and the five concentric circles that radiate from the center circle represent decreasing degrees of relationship closeness. If you were to organize all of your interpersonal relationships on this diagram, your closest relationships would be placed next to the center circle, your most distant relationship would be placed outside the outermost circle, and the rest of your relationships would be arrayed between the innermost and outermost circles based on how close they are to you.

For this exercise, please think about the person who you consider to be your closest friend (i.e., best friend). This person would be represented by the red dot located on the innermost circle in the picture above.

Now that you've thought about this person, please provide their name* and gender.

It is important that the person you are thinking about is at least 14 years old.

Name Name:

Gender Gender:

☐ Male (1)

☐ Female (2)

*Cavet * Please only use first names. All information provided will be treated as anonymous and confidential. All information, publications, and data files associated with this project will be released in a way that insures that no individuals can be identified.*

Start of Block: Loyalty dilemma - mild severity, immersed

You will now be placed in a situation. Please do your best to imagine the situation that is being described and believe that you are actually witnessing what is happening and are involved in the situation as it unfolds.

You and [\\${Name/ChoiceTextEntryValue}](#) are hanging out together at a local café. While at the café you observe [\\${Name/ChoiceTextEntryValue}](#) log in to his / her computer and illegally download a few songs over the Internet.

You are sure, without any doubt, that this is what happened. There is absolutely no way that this could be mistaken for anything else.

[\\${Name/ChoiceTextEntryValue}](#) leaves the café before you.

As you are leaving the café, a man stops you and asks to speak with you. After you agree to speak with him, he shows you a badge and introduces himself as a law enforcement agent investigating Internet-related crime. He asks you if you have witnessed any Internet related illegal activity such as hacking, fraud, or intellectual property theft (e.g., illegally downloading music) today.

In answering this question, you can either tell the officer that you **did** witness [\\${Name/ChoiceTextEntryValue}](#) illegally download the music or that you **did**

not see [\\${Name/ChoiceTextEntryValue}](#) illegally download the music.

We are interested in learning about the different ways people think. Some people report thinking to themselves in the first person (in other words, using the pronoun “I” when thinking about themselves) when engaging in certain activities, so this is one type of thought that we are interested in examining. For example, when doing something, someone might think: “I think... I feel...”

In a moment we are going to ask you to respond to the officer.

But first, in order to investigate the effects of first-person thinking on this decision, we would like you to write about what you are thinking and feeling about this situation for the next few minutes.

As you write about the thoughts and feelings that you are currently experiencing, please use the first person pronouns “I” and “me” as much as possible.

Why are you having the thoughts and feelings that you are having about this decision?

What underlying causes might exist for your current thoughts and feelings?

Please take a few minutes to write down what factors you are considering as you contemplate your response. Again, please use first person pronouns as you describe your deliberation by using first person pronouns such as I, me and my as you write.

In your response to the officer how likely are you to tell him that you did witness `\${Name/ChoiceTextEntryValue}` illegally download music over the Internet?

- ☐ Very Unlikely (1)
- ☐ Unlikely (2)
- ☐ Somewhat Unlikely (3)
- ☐ Somewhat Likely (4)
- ☐ Likely (5)
- ☐ Very Likely (6)

Start of Block: Loyalty dilemma - mild severity, distanced

You will now be placed in a situation. Please do your best to imagine the situation that is being described and believe that you are actually witnessing what is happening and are involved in the situation as it unfolds.

You and `\${Name/ChoiceTextEntryValue}` are hanging out together at a local café. While at the café you observe `\${Name/ChoiceTextEntryValue}` log in to his / her computer and illegally download a few songs over the Internet.

You are sure, without any doubt, that this is what happened. There is absolutely no way that this could be mistaken for anything else.

`\${Name/ChoiceTextEntryValue}` leaves the café before you.

As you are leaving the café, a man stops you and asks to speak with you. After you agree to speak with him, he shows you a badge and introduces himself as a law enforcement agent investigating Internet-related crime. He asks you if you have witnessed any Internet related illegal activity such as hacking, fraud, or intellectual property theft (e.g., illegally downloading music) today.

In answering this question, you can either tell the officer that you **did** witness `\${Name/ChoiceTextEntryValue}` illegally download the music or that you **did not** see `\${Name/ChoiceTextEntryValue}` illegally download the music.

We are interested in learning about the different ways people think. Some people report thinking to themselves in the third person (in other words, using non-first person pronouns like "you" or

their own names when thinking about themselves) when engaging in certain activities, so this is one type of thought that we are interested in examining. For example, when a person with the name *John* is doing something he might think "*John* is thinking that...He is feeling..."

In a moment we are going to ask you to respond to the officer.

But first, in order to investigate the effects of third-person thinking on this decision, we would like you to write about what you are thinking and feeling about this situation for the next few minutes.

As you write about the thoughts and feelings that you are currently experiencing, please use your own name (*#{Name/ChoiceTextEntryValue}*) and third person pronouns like "you" as much as possible.

Why are you having the thoughts and feelings that you are having about this decision?

What underlying causes might exist for your current thoughts and feelings?

Please take a few minutes to write down what factors you are considering as you contemplate your response. Again, please use your own name and other non-first person pronouns as you describe your deliberation by using your first name (*#{Name/ChoiceTextEntryValue}*) and third person pronouns like "you" as you write.
