authority or permission agreement in	_		eir data, materials, or preregistration plan must have the proper
For example, there are cases in which sinclude an explanation of such circums not under conditions eligible to earn a	sharir stance badge	ng participants' o es and/or provic e—you may wri	able to share any or all data, materials, or a research plan publicly. data could violate confidentiality. If you would like your article to de links to any data or materials you have made available—even if te an alternative note that will be published in the Open Practices our article to include an alternative note and provide the text of the
☐ Alternative Note:			
☐ Application for Open Data B	adge	<b>:</b>	
1. Provide the URL, doi, or other ${f p}$	erma	<b>inent path</b> for a	accessing the data in a <b>public, open-access repository</b> :
Confirm that there is suf <b>results</b> , including codeb			r an independent researcher to reproduce all of the reported

			Confirm that you have registered the uploaded files so that they are <b>time stamped</b> and cannot be changed.
	Ap	plica	ation for Open Materials Badge
	1.	Prov	vide the URL, doi, or other <b>permanent path</b> for accessing the materials in a <b>public, open-access repository</b> :
			Confirm that there is sufficient information for an independent researcher to reproduce <b>all of the reported methodology</b> .
			Confirm that you have registered the uploaded files so that they are <b>time stamped</b> and cannot be changed.
	A	pplic	cation for Preregistered Badge
	1.	Prov	vide the URL, doi, or other <b>permanent path</b> to the <b>public</b> registration in a <b>public, open-access repository</b> .*
	2.	Was	the analysis plan registered prior to examination of the data or observing the outcomes? If no, explain.**
	3.	Wer	re there additional registrations for the study other than the one reported? If yes, provide links and explain.*
	4.	Wer	re there any changes to the preregistered analysis plan for the primary confirmatory analysis? If yes, explain.**
	5.	Are a	all of the analyses described in the registered plan reported in the article? If no, explain.*
		ansv **If t	badge will be awarded if (1) is not provided, <b>or</b> if (3) is answered "yes" without strong justification, <b>or</b> if (5) is wered "no" without strong justification. the answer to (2) is "no," the notation DE (Data Exist) will be added to the badge, indicating that registration to take the realization of the outcomes but predates analysis. If the answer to (4) is "yes" with strong justification for
			nges, the notation TC (Transparent Changes) will be added to the badge, indicating that the analysis plan was red but the preregistered analyses and rationale for the change are provided.
