

## Annex: List of position papers

Association of Technical Inspection Agencies (VdTÜV) (2017) VdTÜV position paper: safety and security for automated driving. Available at: [https://www.vdtuev.de/sachverstaendigentag/vdtuev-startseite/dok\\_view?oid=669919](https://www.vdtuev.de/sachverstaendigentag/vdtuev-startseite/dok_view?oid=669919)

Association of German Transport Companies (VDV) (2015) Scenarios for autonomous vehicles – opportunities and risks for transport companies. Available at: <https://www.vdv.de/position-autonom-mmm-praesidium-vdv-eng.pdf>

Bavarian Industry Association (vbw) (2016) Position: automated driving – infrastructure. Available at: <https://www.vbw-bayern.de/Redaktion/Frei-zugaengliche-Medien/Abteilungen-GS/Wirtschaftspolitik/2016/Downloads/160418-Automatisiertes-Fahren-Infrastruktur.pdf>

eNOVA Strategy Board for the Automobile Future (2014) Position paper: automated driving – Opportunities for electric mobility. Available at: <https://www.strategiekreis-automobile-zukunft.de/public/files/enova-positions-papier-automatisiertes-fahren>

Faction of the Christian Democratic Union and Christian Social Union in the German Bundestag (2015) Future of individual mobility through automation of driving and designing of the 'digital road'. Available at: [https://www.cducsu.de/sites/default/files/150324\\_positionspapier\\_automatisierung\\_des\\_fahrens.pdf](https://www.cducsu.de/sites/default/files/150324_positionspapier_automatisierung_des_fahrens.pdf)

Fraction of the Christian Democratic Union and Christian Social Union in the German Bundestag; Fraction of the Social Democratic Party of Germany in the German Bundestag (2016) Promoting smart mobility: harnessing the opportunities of digitization in the transportation sector. Available at: <http://dip21.bundestag.de/dip21/btd/18/073/1807362.pdf>

Faction of the Social Democratic Party of Germany in the German Bundestag (SPD) (2015) Position paper on mobility 4.0 of the task force for transportation and digital infrastructures of the Social Democratic Party of Germany in the German Bundestag – making traffic more efficient, safer and more sustainable. Available at: [http://www.nrwspd-landesgruppe.de/wp-content/uploads/2015/10/Positionspapier\\_AG-VdI\\_Mobilit%C3%A4t-4-0\\_29-09-2015\\_final.pdf](http://www.nrwspd-landesgruppe.de/wp-content/uploads/2015/10/Positionspapier_AG-VdI_Mobilit%C3%A4t-4-0_29-09-2015_final.pdf)

Federal Ministry for Economic Affairs and Energy (BMWi) (2016) Automated and interconnected driving – five points for more innovation, added value and data safety. Available at: [https://www.bmwi.de/Redaktion/DE/Downloads/P-R/positions-papier-automatisiertes-und-vernetztes-fahren.pdf?\\_\\_blob=publicationFile&v=6](https://www.bmwi.de/Redaktion/DE/Downloads/P-R/positions-papier-automatisiertes-und-vernetztes-fahren.pdf?__blob=publicationFile&v=6)

Federal Ministry of Transport and Digital Infrastructure (BMVI) (2017) Action plan automated and interconnected driving. Available at: [https://www.bmvi.de/SharedDocs/DE/Anlage/DG/massnahmenplan-automatisiertes-und-vernetztes-fahren.pdf?\\_\\_blob=publicationFile](https://www.bmvi.de/SharedDocs/DE/Anlage/DG/massnahmenplan-automatisiertes-und-vernetztes-fahren.pdf?__blob=publicationFile)

Federal Ministry of Transport and Digital Infrastructure (BMVI) (2017) Ethics Commission's complete report on automated and connected driving. Available at: [https://www.bmvi.de/SharedDocs/EN/publications/report-ethics-commission.pdf?\\_\\_blob=publicationFile](https://www.bmvi.de/SharedDocs/EN/publications/report-ethics-commission.pdf?__blob=publicationFile)

Federal Ministry of Research and Education (BMBF) (2017) My car can do more – Research on autonomous and electric driving. Available at: [https://www.bmbf.de/upload\\_filestore/pub/Mein\\_Auto\\_kann\\_mehr.pdf](https://www.bmbf.de/upload_filestore/pub/Mein_Auto_kann_mehr.pdf)

Responsibility, Rationality, and Acceptance: How Future Users of Autonomous Driving are Constructed in Stakeholders' Sociotechnical Imaginaries

Federation of German Consumer Organisations (vzbv) (2016) Legally compliant driving with autopilot. Available at: [https://www.vzbv.de/sites/default/files/16-12-05\\_positionspapier\\_vzbv\\_automatisiertes\\_und\\_vernetztes\\_fahren.pdf](https://www.vzbv.de/sites/default/files/16-12-05_positionspapier_vzbv_automatisiertes_und_vernetztes_fahren.pdf)

German Association for IT, Telecommunications and New Media (bitkom) (2017) Comment on the draft of a law for changing the road traffic act. Available at: <https://www.bitkom.org/sites/default/files/pdf/noindex/Publikationen/2017/Positionspapiere/Stellungnahme-StVG-160317.pdf>

German Association of the Automotive Industry (VDA); German Startups Association (2017) Germany as a cluster for mobility of tomorrow. Available at: <https://www.vda.de/de/services/Publikationen/deutschland-als-cluster-f-r-die-mobilit-t-von-morgen.html>

German Association of the Automotive Industry (VDA) (2015) Automation – from driver assistance systems to automated driving. Available at: <https://www.vda.de/en/services/Publications/automation.html>

German Association of Traffic Participants, with focus on ecology (VCD) (2017) Automated driving: comment of the VCD on the draft of a (x.) law for changing the road traffic act. Available at: [http://www.computerundrecht.de/VCD\\_Stellungnahme\\_Automatisiertes\\_Fahren\\_04\\_01\\_2017.pdf](http://www.computerundrecht.de/VCD_Stellungnahme_Automatisiertes_Fahren_04_01_2017.pdf)

German Traffic Psychology Association (DGVP) (2016) Highly automated or autonomous driving as a desirable future vision? Open questions regarding human machine interaction. Available at: [https://www.dgvp-verkehrpsychologie.de/wp-content/uploads/2016/08/DGVP\\_Positionspapier-03-2016\\_Automatisches-Fahren.pdf](https://www.dgvp-verkehrpsychologie.de/wp-content/uploads/2016/08/DGVP_Positionspapier-03-2016_Automatisches-Fahren.pdf)

Ministry of Transport Baden-Württemberg (2017) Smart mobility of the future: The key role of digitization. Available at: [https://www.baden-wuerttemberg.de/fileadmin/redaktion/m-mvi/intern/Dateien/PDF/PM\\_Anhang/170817\\_Arbeitspapier\\_Mobilit%C3%A4t\\_und\\_Digitalisierung\\_2017.pdf](https://www.baden-wuerttemberg.de/fileadmin/redaktion/m-mvi/intern/Dateien/PDF/PM_Anhang/170817_Arbeitspapier_Mobilit%C3%A4t_und_Digitalisierung_2017.pdf)

National Academy of Science and Engineering (acatech) (2015) New autoMobility – the future world of automated road traffic. Available at: <https://www.acatech.de/Publikation/new-automobility-the-future-world-of-automated-road-traffic/>

Safety in Transportation Systems (SafeTRANS) (2017) Highly automated systems: testing, safety and development processes – research challenges and recommendations. Available at: [https://www.offis.de/fileadmin/content/files/download\\_tools/roadmaps\\_und\\_studien/SafeTRANS\\_Positionspapier\\_HochautomatisierteSysteme.pdf](https://www.offis.de/fileadmin/content/files/download_tools/roadmaps_und_studien/SafeTRANS_Positionspapier_HochautomatisierteSysteme.pdf)

Task Force for Embedded Systems (2014) Embedded systems of the future: characteristics, key technologies and need for research. Available at: [https://www.bicc-net.de/workspace/uploads/subfeatures/downloads/positionspapier\\_eingebettete\\_s-53638c46793fb.pdf](https://www.bicc-net.de/workspace/uploads/subfeatures/downloads/positionspapier_eingebettete_s-53638c46793fb.pdf)

The Federal Government (2015) Strategy for automated and connected driving. Available at: [https://www.bmvi.de/SharedDocs/EN/publications/strategy-for-automated-and-connected-driving.pdf?\\_\\_blob=publicationFile](https://www.bmvi.de/SharedDocs/EN/publications/strategy-for-automated-and-connected-driving.pdf?__blob=publicationFile)
