

APPENDIX (SUPPLEMENTARY FILE)

Updated list of 87 suspect papers identified by David Marks and Rod Buchanan (26/11/2019)

PUBLICATIONS BY H J E & RG-M 1985 – 2000 THAT REQUIRE RETRACTION

***Publications in journals edited by HJE.**

1985: HJE's affiliation was the Institute of Psychiatry, University of London; The affiliation of RG-M at that time is uncertain.

- 1) **CONFERENCE PAPER:** Grossarth-Maticek, R., Eysenck, H. J., Vetter, H., & Schmidt, P. (1985). Results of the Heidelberg prospective psychosomatic intervention study. *International Conference on Health Psychology*, Tilburg University.
- 2) **CONFERENCE PAPER:** Grossarth-Maticek, R., Eysenck, H. J., Vetter, H., & Frentzl-Beyme, R. (1986). The Heidelberg prospective intervention study. Paper presented at the *First International Symposium on Primary Prevention and Cancer*, March 19-22, 1986, Antwerp.

1988-1991: Both authors give the Institute of Psychiatry, University of London, as their affiliation

- 3) **BOOK CHAPTER:** Grossarth-Maticek, R., Eysenck, H.J., Vetter, H., & Frentzel-Beyme, R. (1988). The Heidelberg prospective intervention study. In W. J. Eysenbosch, N. Van Larebeke & A. M. Depoorter (Eds.), *Primary prevention of cancer* (pp. 190–211). New York: Raven Press.
- 4) Grossarth-Maticek, R., Eysenck, H. J., & Vetter, H. (1988). Personality type, smoking habit and their interaction as predictors of cancer and coronary heart disease. *Personality and Individual Differences*, 9(2), 479-495.
- 5) Grossarth-Maticek, R., Eysenck, H. J., & Vetter, H. (1988). Antismoking attitudes and general prejudice: An empirical study. *Perceptual and motor skills*, 66(3), 927-931.
- 6) **BOOK CHAPTER:** Grossarth-Maticek, R., Eysenck, H.J., Vetter, H., & Schmidt, P. (1988). Psychosocial types and chronic diseases: results of the Heidelberg prospective psychometric intervention study. In S. Maes, C. D. Spielberger, P. D. Defares & I. G. Sarason (Eds.), *Topics in health psychology*, Vol. 5 (pp. 57–75). London: John Wiley & Sons.
- 7) Grossarth-Maticek, R., & Eysenck, H. J. (1989). Length of survival and lymphocyte percentage in women with mammary cancer as a function of psychotherapy. *Psychological Reports*, 65(1), 315-321.

- 8) *Grossarth-Maticek, R., Eysenck, H. J., & Vetter, H. (1989). The causes and cures of prejudice: An empirical study of the frustration-aggression hypothesis. *Personality and Individual Differences*, 10(5), 547-558.
- 9) Eysenck, H. J., & Grossarth-Maticek, R. (1989). Prevention of cancer and coronary heart disease and the reduction in the cost of the National Health Service. *The Journal of Social, Political, and Economic Studies*, 14(1), 25.
- 10) **BOOK CHAPTER:** Grossarth-Maticek, R., & Eysenck, H.J. (1989). Psychological factors in the prognosis, prophylaxis, and treatment of cancer and coronary heart disease. In *Directions in psychiatry*, Vol. 9 (pp. 3-7). New York: Hatherleigh.
- 11) Grossarth-Maticek, R., & Eysenck, H. J. (1989). Is media information that smoking causes illness a self-fulfilling prophecy? *Psychological Reports*, 65(1), 177-178.
- 12) Grossarth-Maticek, R., & Eysenck, H. J. (1990). Prophylactic effects of psychoanalysis on cancer-prone and coronary heart disease-prone probands, as compared with control groups and behaviour therapy groups. *Journal of behavior therapy and experimental psychiatry*, 21(2), 91-99.
- 13) Grossarth-Maticek, R., & Eysenck, H. J. (1990). Personality, stress and disease: Description and validation of a new inventory. *Psychological Reports*, 66(2), 355-373.
- 14) Grossarth-Maticek, R., Eysenck, H. J., Uhlenbruck, G., Rieder, H., Vetter, H., Freesemann, C., ... & Liesen, H. (1990). Sport activity and personality as elements in preventing cancer and coronary heart disease. *Perceptual and motor skills*, 71(1), 199-209.
- 15) Grossarth-Maticek, R., Eysenck, H. J., Rieder, H., & Rakic, L. (1990). Psychological factors as determinants of success in football and boxing: The effects of behaviour therapy. *International Journal of Sport Psychology*, 21(3), 237-255.
- 16) Grossarth-Maticek, R., & Eysenck, H. J. (1990). Personality, smoking, and alcohol as synergistic risk factors for cancer of the mouth and pharynx. *Psychological Reports*, 67(3), 1024-1026.
- 17) Grossarth-Maticek, R., & Eysenck, H. J. (1990). Coffee-drinking and personality as factors in the genesis of cancer and coronary heart disease. *Neuropsychobiology*, 23(3), 153-159.
- 18) **BOOK CHAPTER:** Grossarth-Maticek, R., & Eysenck, H. J. (1991). Personality and cancer: Prediction and prophylaxis. In O. F. Nygaard & A. C. Upton (Eds.), *Anti-carcinogenesis and radiation protection*, Vol. 2 (pp. 451-458). Boston, MA: Springer.

- 19) *Grossarth-Maticek, R., & Eysenck, H. J. (1991). Creative novation behaviour therapy as a prophylactic treatment for cancer and coronary heart disease: Part I—Description of treatment. *Behaviour Research and Therapy*, 29(1), 1-16.
- 20) *Eysenck, H. J., & Grossarth-Maticek, R. (1991). Creative novation behaviour therapy as a prophylactic treatment for cancer and coronary heart disease: Part II—Effects of treatment. *Behaviour Research and Therapy*, 29(1), 17-31.
- 21) Eysenck, H. J., Grossarth-Maticek, R., & Everitt, B. (1991). Personality, stress, smoking, and genetic predisposition as synergistic risk factors for cancer and coronary heart disease. *Integrative Physiological and Behavioral Science*, 26(4), 309-322.
- 22) Grossarth-Maticek, R., & Eysenck, H. J. (1991). Personality, stress, and motivational factors in drinking as determinants of risk for cancer and coronary heart disease. *Psychological Reports*, 69(3), 1027-1043.
- 23) *Grossarth-Maticek, R., Eysenck, H., Gallasch, G., Vetter, H., & Frentzel-Beyme, R. (1991). Changes in degree of sclerosis as a function of prophylactic treatment in cancer-prone and CHD prone probands. *Behaviour Research and Therapy*, 29(4), 343-351.
- 24) Grossarth-Maticek, R., & Eysenck, H. J. (1991). Coca-Cola, cancers, and coronaries: Personality and stress as mediating factors. *Psychological Reports*, 68(3_suppl), 1083-1087.
- 25) **BOOK CHAPTER:** Grossarth-Maticek, R., & Eysenck, H.J. (1991). Prevalence and etiology of psychological problems in cancer patients. In A Seva (Ed.), *The European handbook of psychiatry and mental health*. II. Zaragoza: Prensas Universitarias de Zaragoza.

1991: Authors' affiliations given as "Institute of Psychiatry University of London UK and University Clinical Center Belgrade Yugoslavia"

- 26) **BOOK CHAPTER:** Grossarth-Maticek, R., Eysenck, H. J., & Rakic, L. (1991). Central nervous system and cancer. In O. F. Nygaard & A. C. Upton (Eds.), *Anti-carcinogenesis and Radiation Protection 2* (pp. 429-435). Boston, MA: Springer.

1993: Corrigendum

***CORRIGENDUM H. J. EYSENCK and R. GROSSARTH-MATICEK (1991). Creative novation behaviour therapy as a prophylactic treatment for cancer and coronary heart disease. Parts I and II. Behaviour Research and Therapy, 29, 1-31.**

"In the above articles Dr Grossarth-Maticek's affiliation is cited as The Institute of Psychiatry, Department of Psychology, University of London, De Crespigny Park, Denmark

Hill, London. Dr Grossarth-Maticek is not, and never has been, a member of staff at the Institute of Psychiatry.”

- 27) Grossarth-Maticek, R., Eysenck, H.J., & Barrett, P. (1993). Prediction of cancer and coronary heart disease as a function of method of questionnaire administration. *Psychological Reports*, 73, 943–959.

1994-2000: Grossarth-Maticek’s affiliation given as “University for Peace, United Nations England” or “ECPD Institute for Preventive Medicine, University for Peace (United Nations)” or “Institute for Preventive Medicine European Centre for Peace & Development (University for Peace, established by the United Nations) Heidelberg Germany”.

- 28) Grossarth-Maticek, R., Eysenck, H. J., & Boyle, G. J. (1994). An empirical study of the diathesis-stress theory of disease. *International Journal of Stress Management*, 1(1), 3-18.
- 29) **BOOK CHAPTER:** Grossarth-Maticek, R., Eysenck, H. J., & Boyle, G. J. (1994). An empirical study of the diathesis-stress theory of disease. Reprinted in Boyle, G. J., & Saklofske, D. H. (2004). *Psychology of Individual Differences*, Volume 4, Sage.
- 30) *Grossarth-Maticek, R., & Eysenck, H. J. (1995). Self-regulation and mortality from cancer, coronary heart disease, and other causes: A prospective study. *Personality and Individual Differences*, 19(6), 781-795.
- 31) Grossarth-Maticek R., Eysenck, H.J., & Boyle, G.J. (1995). Method of test administration as a factor in test validity: The use of a personality questionnaire in the prediction of cancer and coronary heart disease. *Behaviour Research and Therapy*, 33: 705–710.
- 32) Grossarth-Maticek, R., Eysenck, H. J., & Boyle, G. J. (1995). Alcohol consumption and health: Synergistic interaction with personality. *Psychological Reports*, 77(2), 675-687.

[September 4, 1997: H J E deceased]

- 33) *Grossarth-Maticek, R., Eysenck, H. J., Pfeifer, A., Schmidt, P., & Koppel, G. (1997, December). The specific action of different personality risk factors on cancer of the breast, cervix, corpus uteri and other types of cancer: A prospective investigation. *Personality and Individual Differences*, 23(6), 949-960.
- 34) Grossarth-Maticek, R., Eysenck, H. J., Boyle, G. J., Heeb, J., Costa, S. D., & Diel, I. J. (2000). Interaction of psychosocial and physical risk factors in the causation of mammary cancer, and its prevention through psychological methods of treatment. *Journal of Clinical Psychology*, 56(1), 33-50.

PUBLICATIONS BY HJE THAT PRESENT OR DEPEND ON WORK DONE WITH G-M THAT REQUIRE RETRACTION
